Estimates to Builders or Owners for PLATE, CRYSTAL, METAL and TRUCK SHEET GLASS cheerfully given.

**TELEGRAPHIC NEWS****CYCLONES.**

Chicago, 7.—Tophka, Kas., special: A cyclone started south of the Arkansas, near the Raymond rice country, last night, and moved in a northerly direction. It prostrated telegraph poles where it crossed the Santa Fe tracks. James Williams' house was blown down, Mrs. Williams killed and a Mrs. Parker fatally injured. Several other large houses were demolished. Proceeding north the storm struck the new town of Chase, and demolished twenty-two of the twenty-six buildings in the place, threw the cars from tracks and did other damage. Mr. Reed, hotel keeper, was killed, his wife fatally hurt, and another woman and child were killed. About the same time a small cyclone with a veritable water spout, passed through the eastern part of the county later in the day, but did little damage, except by drowning out stock. At E. B. Lawrence's farm the water was sucked out of the wells. The cloud, as it approached Chase, was funnel-shaped, whirling and twisting with fearful velocity. All the inhabitants of Chase were more or less hurt. Among the looters Eckles Brothers, store-room destroyed with \$20,000 worth of goods; Ed. Shatten's store-room and residence, loss \$3,000; Sutton, Homser and Dupree, store-room and lumber, several thousand dollars; George F. Miller, new two-story business house, \$1,800; Congregational Church, \$1,600; Reed's Hotel, blown down; Methodist Church, dedicated on Sunday, twisted a quarter and badly wrecked. Several houses were overturned. Muscott Brothers' store was damaged and the stock ruined. Spire's drug store was blown off its foundation, the depot was unroofed and several parties were killed whose names are not given. The people are living in box cars, and many are destitute.

A special from Clyde Station, Michigan, reports a terrible hurricane near Highland Station, on the Flint and Pere Marquette road, south of Holly, early last night. The extent of the damage is unknown, as the telegraph line was blown down and the railroad agent walked to Clyde to send what he knew. The dwelling of a man named Grandall was blown down. Grandall and one child were killed, and a daughter was severely injured. A guest, Mrs. Taylor, of Pontiac, was also killed and several other persons were injured. The hurricane covered an area of less than half a mile wide, but levelled everything within its path. There are reports also of high and destructive winds, and heavy rains in the vicinity of Grand Rapids, along the Wabash and Rock Island roads, in Iowa at Keosauqua and Humiston, Iowa and Kahaka, and Ashton, Missouri. At these four places, the damage was very severe, but full particulars are wanting because telegraphic communication is shut off.

Chicago, 7.—The Evening Journal's special says a terrific tornado through the township of Kalamo, Eaton County, last night, did immense damage to houses and barns, killing a large amount of live stock; several lives are reported lost, and many injured. The place is remote from travel and telegraph. Later particulars say of the Oakland County storm, that Lafayette Grandall, his sister and little boy, and Mrs. Henry Tyler, were killed, and his little girl's arm was so badly crushed as to require amputation. Miss Orra Ward was also injured. The debris looks like an explosion. Everything is ground to atoms. One horse was blown out of a barn and found in a distant field, covered with mud. The idiot sister of Horace Sherman, of Kalamo, was killed, and another sister's leg broken. His wife's jaw was dislocated and the whole family was carried fifty rods and thrown into a swamp and badly bruised.

Kalamazoo, Mich., 7.—There was a severe hail storm in this region yesterday afternoon. At Kendall on the south Haven road, there was a regular cyclone. Mr. Wildes' house was blown down, he was killed, and his wife and a friend were injured. Other buildings were unroofed. The cyclone moved east across the northern parts of the country, unroofing barns and doing other damage. It is rumored that a man was killed in Cooper township.

East Saginaw, Mich., 7.—About 6 o'clock last evening a tornado swept over the territory northwest of Midland, a village twenty miles west of this city, doing considerable damage. The residence of a farmer named E. E. Walton was picked up bodily and capsized, tearing it into pieces. The wreck took fire from the stove, and burned it up. The family are all injured. Mrs. Walton severely. A hired man had a shoulder broken, and a child had an arm broken. The barn was torn into shreds. Other property in the neighborhood was destroyed. The house of a man named Wood, living on Sturgeon Creek, was blown down and Wood was severely hurt.

**The Flood.**

Morgan City, La., 6.—Eight feet of water over all the country. Seven thousand orange trees are killed on Pandell's plantations. Sixty head of cattle abandoned, were seen drowning.

**PILES! PILES! PILES**

A Sure Cure Found at Last! No One Need Suffer!

A sure Cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William, (an Indian Remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of 25 or thirty years standing. No one need suffer five minutes after applying it. A wonderful soothing medicine. It cures hemorrhoids, and cures hemorrhoids no more harm than good. William's Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed), acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts, and for nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. William's Indian Pile Ointment: "I have used scores of Pile Cures, and it affords me the pleasure to say I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment."

For sale by all druggists or mailed on receipt of price, \$1.00.
